PROFESSIONAL SUMMARY

Full Stack Developer with hands-on, production experience across the React and Node.js/Express stack. Currently building an agent-based platform with an employee activity-tracking system, alongside e-commerce and education-sector web platforms, with two live apps published on the Google Play Store. Comfortable owning features end-to-end — REST APIs, database design, and responsive UI — with a strong focus on clean code and reliable, production-ready deployments.

SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, React.js

Backend: Node.js, Express.js

Databases: MySQL, MongoDB, Oracle

Tools: Git/GitHub, Eclipse, VS Code, WordPress, Google Play Console

EXPERIENCE

Full Stack Developer — Webmok Pvt Ltd

Feb 2026 – Present

- Building and maintaining features for production applications using React on the frontend and Node.js on the backend.
- Working on an agent-based platform with an employee activity tracking system (project: Team Trex / multiclout.in).
- Implementing RESTful APIs and collaborating with cross-functional teams to ship reliable, production-ready features.

Full Stack Developer — Satya Web Technology, Rohtak, Haryana

Mar 2025 – Jan 2026

- Contributed to production features using React for UI and Node.js + MongoDB on the backend.
- Implemented RESTful APIs, authentication, and admin modules; collaborated with cross-functional teams.
- Practiced Git-based workflows and code reviews to maintain code quality.

Full Stack Developer - Intern — AAM Infotech Pvt. Ltd., Gurugram, India

Sep 2023 – Feb 2024

- Built and maintained features using Java, Spring Boot, and SQL in an Agile environment.
- Developed REST APIs, integrated frontend with backend, and assisted in database management.
- Participated in code reviews and used Git for version control.

SELECTED PROJECTS

Multiclout (Team Trex) — multiclout.in

- Agent-based web platform with a built-in employee activity tracking system; also published as an Android app on the Google Play Store.

The Kissan City — thekissancity.com

- E-commerce platform for farm-fresh, organic food and wellness products; product catalog, cart, and checkout flows; also published as an Android app on the Google Play Store.

Webmok AI — ai.webmok.com

- AI-powered module built as part of Webmok's platform for digital marketing services and training.

Vikson International Medisys — viksoninternationalmedisys.com

- Modern pharmaceutical website; React.js frontend with MongoDB Atlas backend, including product showcase, admin dashboard, and contact/inventory flows.

MDDI – Digital Marketing & Computer Institute — mddi.in

- Institute website for digital marketing and computer courses, covering course listings and admissions/contact flows.

WMFX (Hospital & Doctor Reviews) — wmfxf.in

- Practo-style hospital and doctor discovery platform with reviews, ratings, and appointment booking.

JB Industries — jbinds.com

- Industrial company site with clean information architecture and responsive UI.

Intelligate Solution — intelligatesolution.com

- Recruitment/consultancy site with job listings and candidate management flows.

Tathagat (EdTech Portal) — tathagat.co.in

- Learning and admissions portal with role-based access, course pages, authentication, and admin content workflows.

Uni10 (Brand Website) — uni10.in

- Brand/marketing website with responsive landing sections, inquiry forms, and SEO-friendly structure.

Skill Serve Academy — skillserveacademy.in

- University/institute website with an admin panel for managing academic content and operations.

Personal Portfolio — ishwarweb.in

- Personal portfolio site showcasing skills, experience, and project work.
